SUBJECT: August 2014 Financial Status Report

At the end of August, general governmental revenues show \$3.1 million or 4.7% over budget. Revenues sources that are higher than expected are: sales tax (\$607k); sales tax annexation credit (\$188k); utility taxes (\$634k); state shared revenue (\$258k); real estate excise tax (\$992k); building permits & development service fees (\$734k), and other miscellaneous (\$192k). On the down side, the revenue sources that are underperforming the year to date budget are: fines/penalties (\$436k below) and seizure funds (\$120k below, restricted to drug enforcement only and is not available for general operating purposes).

General government expenditures showed a favorable variance of \$1.2 million or 1.7%. See page 9 of report for further expenditure over-spent explanations.

The attached report provides more detailed discussion of each revenue source and our updated projections for the year. Please do not hesitate to contact me at x6952 should you have any questions or any suggestions about the report.

OVERVIEW

This financial overview reflects the City’s overall financial position for the fiscal year through August 31, 2014. Except as noted, year-to-date budgeted (adjusted) revenues and operating expenditures are generally based on the collection/disbursement patterns for the same period of the preceding two years. The table on the previous page summarizes the general governmental fund revenues and expenditures.

Revenues

Taxes

The combined collection of property, sales/use, utility, gambling, admissions, and real estate excise taxes represents 74% of all resources supporting general governmental activities. The following section provides detail information on property, sales, utility, and other taxes.

Property Tax

August’s collection is \$179k, making the total year-to-date collection \$18.5 million or 53% of the total budget. In comparison to the previous year, the City collected \$1.5 million or 9% more. Compared to the budget, the City is below projections by \$58k. The variance from the monthly budget is due the timing of collections. The City is projecting property tax to meet the budget at year-end.

Sales Tax

August 2014 sales tax receipts totalled \$2 million. Compared with the same month last year, it is \$197k or 11% more. Compared to the projected current month’s budget, it is \$311k or 18% above. The year-to-date collection of \$14 million is \$603k or 5% more than the prior year and is also \$607k or 5% more than budgeted. As you can see in the table below, almost this entire amount is attributed to a large transportation manufacturer, which changed its reporting method in late 2013/early 2014. 2014’s monthly budgets are generally based on 2006 through 2013 collections. The City is projecting sales tax to meet the budget at year-end.

Utility tax

August utility tax revenues are \$1.3 million, which is \$10k or 1% lower than the same month last year but is ahead of the budget by \$51k or 4%. The year-to-date collection is \$11.3 million, which is \$755k or 7% higher than the prior year and is also \$634k or 6% higher than the budget. 73% of this favorable budget variance is due to one-time audit adjustments. Excluding audit related collections, the City is projecting utility tax revenues to be very close to the budget at year-end.

The table below breaks out Utility Tax by source. The variance for Garbage/Solid Waste (not City Utilities) is due to a one-time correction (under reporting during September 2013 through December 2013) received in February. The variance for Cellular utilities is due to lower activity. Excluding the one-time correction and audit related revenue, the YTD is approximately \$10.8 million.

Real Estate Excise Tax

The City collected \$347k in Real Estate Excise Tax revenues (REET) for August. This is \$53k or 18% more than the same month last year and is also \$56k or 19% more than the current month's budget. The year-to-date collection is \$3.3 million, which is \$1.3 million or 65% more than the prior year and is also \$992k or 42% above the budget. The higher than expected variance is due to 8 large transactions in February, March, April, June and July which accounts for \$1.2 million of the total REET collected. The monthly budget is based on a normalized annual distribution (2012 only). The City has met the current budget, but we are adjusting the budget in the upcoming year-end budget amendment.

Charges for Services

These revenue sources consist of general government, public safety, plan review and inspection, culture and recreation, and interfund/interdepartmental sales and services. Recreation and interfund/interdepartmental sales and services constitute 66% of the total revenue in this category. The year-to-date total charges for services are \$5.2 million or 72% of the budget. The following sections provide detail information for Public Safety, Recreation, and Interfund Services.

Public Safety Services

Public Safety Services totalled \$508k since the start of the year. These services include private security, adult probation services, monitoring of prisoners, and intergovernmental public safety services (non-grants). Compared to the prior year, the City is collecting \$61k or 14% more. Compared to the year-to-date budget, the City is right on target. The large April variance is due to a private security police provided for a large one-time private business event in 2013. The large

Interfund Services

The year-to-date collections for Interfund Services revenues are \$2.2 million. Compared to the prior year, the revenues are under by \$170k or 7%. Compared to the projected budget, the revenues are below by \$4k. 2014's monthly budgets are based on 1/12th of the annual budget. The majority of these revenues are related to indirect cost allocations, which are internal administrative costs. The remaining costs consist of Development Services division's inspection fees, Parks Planning and Natural Resources division's capital investment program reimbursements, Transportation division's capital investment program reimbursements, and Maintenance division's street maintenance reimbursements.

Included in the Fines and Penalties revenue budget is \$2 million from the Photo Enforcement program. The monthly budget is based on the prior year's revenue. The year-to-date collections from this program equates to \$976k. The budget shortfall is due to temporary shutting down 4 intersection cameras in construction areas (expected until September) and lower activity (driver behaviour changes).

The associated costs includes the equipment provided by American Traffic Solutions, Inc. (ATS), dedicated 2 FTEs in the Court Services Department to process the increased caseload and 1.1 FTEs in the Police Department for support services. This staff time, along with a 90% pro tem budget and interpreter costs amounts to \$362k for personnel costs. The total costs for the program equates to \$842k which is represented in the table. April and May expenditures do not include the monthly equipment rental costs paid to ATS, these costs are recorded in June.

¹Actuals of Revenues and Expenses

Miscellaneous

This revenue source reflects the collection of interest and other earnings, rents, leases, and concessions, contributions, and donations from private sources, and other miscellaneous revenues. Interest and other earnings along with rents, leases, and concessions constitute 67% of the total revenue in this category. The year-to-date total miscellaneous is \$1 million. Compared to last year, the revenues are above by \$16k or 2%. Compared to the projected year-to-date budget, the revenues are under by \$41k or 4%. The negative amount for July is due to a correction made to move interest earned from Utility tax audits, originally recorded in June. The table below page breaks out miscellaneous revenues by type.

¹Seizure Funds are categorized in Miscellaneous for 2013 and on.

Other miscellaneous revenues are higher than the prior year and budget due to higher than expected utility late payment penalties and miscellaneous reimbursements for Fire.

Seizure funds are lower than the budget due to the timing of activity.

EXPENSES

Overall the City has expended 63% of its budgeted general governmental expenditures at the end of August. This is \$1.2 million or 1.7% below year-to-date budgeted expenditures. See below for summary of unfavorable items for general governmental departments.

Council department is over the year-to-date budget by \$4k or 2%. This is due to an annual membership payment made to National League Online. The budget for this was included in the Carry Forward amendment. We anticipate at year-end the department will be within budget.

City Attorney is over the year-to-date budget by \$26k or 2.2%. This is due to over spending on professional services. We will monitor this item to determine if a budget adjustment is needed.

Administrative Services department is over the year-to-date by \$86k or 3.9%. This is mainly due to the timing of payments related to Springbrook merchant account fees and fees paid for utility tax audit. We have requested an adjustment in the upcoming 2nd Quarter Budget Amendment, which will be posted in September.

FUND BALANCE

Page 13 shows the ending fund balance as of August 2014. The City's fund balance is a combination of current deficit/surplus of funds which have accrued from unexpended operating budgets, unanticipated excess revenues, and from balances accumulated from prior years.

The prior year's balances (or beginning balance) include funds identified as being reserved for specific purposes or required to meet the current year's appropriations. These balances also provide financial stability to the City's operation during uncertain times and provide a layer of security to bondholders.

At the end of August, the City has \$15.6 million reported in the combined general governmental fund balance of the current year's operating budget, which is approximately 14% of budgeted operating expenditures. This is a decrease of \$1.8 million from the year's beginning balance. August's ending fund balance is over the anticipated General Governmental Fund Balance of \$11.3 million by \$4.3 million or 38.4%. Although the ending fund balance is above projections, it is consistent with the prior years' trends.
