SUBJECT: July 2011 Financial Status Report

At the end of July, general governmental revenues show \$99k or 0.2% below budget. On the position side, we have \$294k favorable property tax collection. Sales tax is \$71k higher than budget, which is attributable to one-time activity that occurred in December 2010 (February 2011 sales tax receipt) and the collection through the state's sales tax Amnesty Program. Sales tax activity continues to fluctuate widely from month to month and at this point we anticipate will meet the budget projection at the end of the year. Additional revenues sources that are higher than expected are: utility taxes (\$229k); state shared revenues (\$411k); and public safety (\$57k, mainly due to private security by the police department). On the down side, the revenue sources that are underperforming the year to date budget and likely to continue this trend for the year are: permit and development fees (\$369k below budget at the end of July); REET (\$149k below); interfund service charges (\$239k below, which includes a correction that was processed in July); culture and recreation service charges/fees (\$184k below); and interest earnings (\$144k below). Therefore, we believe the overall revenue collection will be very close to budget for the year.

General government expenditures showed favorable variances of \$2.7 million or 4.7%. \$1.6 million of the saving is related to SCORE jail start up costs. Most of this savings are due to delay of billing by SCORE. While we still expect to realize part of the savings this year, it would be substantially less than the \$1.6 million. In addition, part of the jail savings was used to cover the Police department's pay and benefit budget correction that was approved in the 2nd Quarter Budget Adjustment. Overall, we anticipate only \$500k expenditure savings at the end of this year.

The attached report provides more detailed discussion of each revenue source and our updated projections for the year. Please do not hesitate to contact me at x6952 should you have any questions or any suggestions about the report.

OVERVIEW

This financial overview reflects the City’s overall financial position for the fiscal year through July 31, 2011. Except as noted, year-to-date budgeted revenues and operating expenditures are generally based on the collection/disbursement patterns for the same period of the preceding year. The table on the previous page summarizes the general governmental fund revenues and expenditures.

Revenues

Taxes

The combined collection of property, sales/use, utility, gambling, admissions, and real estate excise taxes represents 75% of all resources supporting general governmental activities. The following section provides detail information on property, sales, utility, and other taxes.

Property Tax

July’s collection is \$112k, making the total year-to-date collection \$17.2 million or 54% of the total budget. In comparison to the previous year, the City collected \$584k or 4% more. Compared to the budget, the City is above projections by \$294k or 2%. The City is projecting property taxes to meet the 2011 budget at year-end. The April/May variance is due to the timing of collections. When the two months are combined, the City is \$198k or 1% behind budget but \$70k ahead of last year.

Interfund Services

The year-to-date collections for Interfund Services revenues are \$1.8 million. Compared to the projected budget, the revenues are below by \$239k or 12%. Compared to the prior year, the revenues are under by \$164k or 9%. The majority of these revenues are related to indirect cost allocations, which are internal administrative costs. The remaining costs consist of Development Services division's inspection fees, Transportation division's capital investment program reimbursements, and Maintenance division's street maintenance reimbursements.

Fines and Penalties

These revenue sources contain civil (penalties, infractions, and parking), criminal (traffic, non-traffic, and costs), and non-court fines, forfeitures, and penalties. The table on the following page breaks down these fines by type. The year-to-date total fines and penalties is \$1.8 million. This is \$152k or 8% lower than a year ago and also \$17k or 1% below the budget. This difference also includes \$83k lower than budgeted Seizure Funds received this year. The use of Seizure Funds is restricted to drug enforcement only and not available for general operating purposes.

(ATS), we are also dedicating 2 FTEs in the Court Services Department to process the increased caseload and 1.1 FTEs in the Police Department for support services. These staffs time along with a 90% pro tem budget and interpreter costs amounts to \$362k for personnel costs. The total costs for the program equates to \$842k which is represented in the table.

Rents, Leases, and Concessions are lower than the prior year due to receiving fewer revenues for the Carco Theater, Coulon boat launches, and Fitness area rentals. Other revenues are lower than the prior year because this type of revenue stream is one-time types (unclaimed property, miscellaneous reimbursements for accidents, sale of scrap, etc.), which we would expect to fluctuate.

EXPENSES

Overall the City has expended 56% of its budgeted general governmental expenditures at the end of July. This is \$2.7 million or 4.7% below year-to-date budgeted expenditures. While some of these savings would be realized at the end of the year, others are due to the timing of the payments. Below are the explanations for expenditure variances.

The Police Department is over budget by \$268k or 1.9%. The majority of this is due to higher than anticipated salaries and benefits (by \$151k) and overtime (by \$262k), but under spending in supplies, professional services, intergovernmental and interfund services (by \$167k). Of the \$151k overage for salaries and benefits (which includes budgeted uniform allowance), \$82k is related to various sick and vacation buy back/pay outs that was not included in the budget. If we remove this amount, Police would only be \$186k or 1.3% over budget. Police salaries and benefits budget was under estimated for the year and a \$540k budget adjustment was included in the 2nd Quarter amendment to correct this (which is included in the analysis above).

FUND BALANCE

Page 13 shows the ending fund balance as of July 2011. The City's fund balance is a combination of current deficit/surplus of funds which have accrued from unexpended operating budgets and unanticipated excess revenues and from balances accumulated from prior years.

The prior year's balances (or beginning balance) include funds identified as being reserved for specific purposes or required to meet the current year's appropriations. These balances also provide financial stability to the City's operation during uncertain times and provide a layer of security to bondholders.

At the end of July, the City has \$10.6 million reported in the combined general governmental fund balance of the current year's operating budget, which is approximately 10% of budgeted operating expenditures. This is a decrease of \$793k from the beginning balance of January 1, 2011. July's ending fund balance is over the anticipated General Governmental Fund Balance of \$8 million by \$2.6 million. Although the ending fund balance is above projections, it is consistent with the prior years' trends since the City received the first half of 2011 property taxes in April and May. We expect the fund balance to decrease but be in line with the projected fund balance after July and continue to decrease until we receive the second half of 2011 property taxes in October and November.
