**SUBJECT: November 2010 Financial Status Report**

---

At the end of November, general governmental revenues show \$1.4 million or 1.4% under budget. This includes a \$614k favorable property tax collection but otherwise almost all other revenue categories are under performing. Part of the favorable property tax collection is due to the timing of receipting 2009 October and November property taxes in 2009, which we use to calculate the 2010 October and November budgeted amounts. Without the favorable property tax, revenues are \$2 million or 2% below budget. For the year, we are still expecting a total sales tax collection to underperform the budget by \$1.4 million, gambling tax by \$475k, court fines by \$171k, and recreation fees by \$148k; for a combined \$2.2 million of lower than expected revenue in 2010.

On the expenditures' side, most departments are conserving their spending and are showing favorable variances. Overall general governmental funds are showing a 3.5% or \$3.3 million savings. Part of the savings is due to the timing of certain lump sum payments which are not yet processed but will be recorded to 2010, such as principal payments on the City's general obligation debts, banking fees, and voter registration/election costs. Also included in the savings is a \$702k reduction in medical insurance premiums based on lower actual utilization of the City's self insurance program.

There are two divisions showing unfavorable comparisons with budget. These are primarily due to internal service fund charges paid in these divisions and not allocated evenly to the department. Departments taken as a whole are within budget and projected targets.

The attached report provides more detailed discussion of each revenue sources and our updated projections for the year. Please do not hesitate to contact me at x6952 should you have any questions or any suggestions about the report.

**OVERVIEW**

This financial overview reflects the City’s overall financial position for the fiscal year through November 30, 2010. Except as noted, year-to-date budgeted revenues and operating expenditures are generally based on the collection/disbursement patterns for the same period of the preceding year. The table on the previous page summarizes the general governmental fund revenues and expenditures.

**Revenues**

**Taxes**

The combined collection of property tax, sales/use tax, utility tax, gambling, admissions, and real estate excise tax represents 69% of all resources supporting general governmental activities. The following section provides detail information on property, sales, utility, and other taxes.

Property Tax

November’s collection is \$7.3 million, making the total year-to-date collection \$31.6 million or 101% of the total budget. In comparison to the previous year, the City collected \$1.3 million or 4% more. Compared to the budget, the City is above projections by \$614k or 2%. Since the City received more of the second half of property taxes in November than October of 2009, the 2010 monthly budget is skewed. The City has met the 2010 budget for property taxes.

Sales Tax

November 2010 sales tax receipts totaled \$1.5 million. Compared to the same month last year, it is \$68k or 5% more. Compared to the projected current month’s budget, it is below projections by \$128k or 8%. The year-to-date collection is \$15.8 million or 85% of the sales tax budget. This is \$688k less than last year and \$1.3 million below budget. Based on the year-to-date collection, the City is projecting sales tax revenues to be \$17.2 million by the end of 2010, which is \$1.4 million or 8% under budget.

**Utility tax**

November utility tax revenues are \$1.1 million, which is \$22k or 2% higher than the same month last year and ahead of the budget by \$48k or 5%. The year-to-date collection of \$13.2 million is above the budget by \$318k or 2% but is \$3k below 2009. The unfavorable comparisons in January and February are primarily due to higher than normal electrical and natural gas consumptions during winter months in 2009 that distorted the budget for these two months. The City is projecting utility tax to meet the 2010 budget at the end of the year.

**Real Estate Excise Tax**

The City collected \$105k in Real Estate Excise Tax revenues (REET) in November. This is \$115k or 52% below current month's budget and \$117k or 53% behind the same month last year. Year-to-date collection of \$1.9 million is \$331k or 15% behind the budget and is also \$348k or 15% below 2009. We've also received December's distribution of \$535k which is substantially higher than normal. We believe the rush of sales is due to the uncertainty at the time when Congress was deciding whether the housing capital gain tax rate will be renewed. With this infusion of higher transaction amounts, we will be meeting the \$2.4 million REET budget for 2010.

**Gambling Tax**

November's Gambling Tax collections total \$122k. Year-to-date total of \$1.4 million is \$577k or 29% below the year before; and \$444k or 24% below budget.

The lower tax collection is due to cross-the-board reduction in gambling activities. Pull tabs overall reduced by 27%, partially due to the change in business at Cascade Lanes; and card-rooms are seeing 30% lower in activities.

Because of these changes, the City is anticipating around \$475k less in gambling tax revenue collection than budgeted by the end of the year.

Licenses and Permits

These revenue sources reflect the collection of business licenses; building permits; and other licenses, fees, and permits. Building Permit Fees and General Business Licenses constitute 82% of the revenue in this category. As of the end of November, we have collected 89% of the projected revenue from licenses and permits. Licenses and Permits totaled \$2.1 million by the end of November, which is \$37k less than the budget. The following sections provide detail information for Building Permits and Business Licenses revenues.

Building Permits and Fees revenues totaled \$81k in November. The revenue swing between the high in January and the low in February is primarily attributable to the rush of getting permits completed prior to the new school impact fees taking effect. The year-to-date development fees revenue of \$1.3 million is \$111k or 8% less than the budget and is also \$12k or 1% lower than 2009. The City is projecting building permits and fees to be under the 2010 budget by \$125k.

Business Licenses totaled \$430k since the start of the year, which is 2% above last year but 6% below budget. The month by month comparison is not representative due to the payment timing shift of employers. The General Fund portion of the Business Licenses revenue is under the budget by \$29k but \$9k above last year.

of the total revenues in this category. The year-to-date total Intergovernmental revenue is \$10.6 million or 90% of the budget. All grant revenues also have corresponding expenditures which have been added to the City's budget through the 2010 carry forward, 2<sup>nd</sup> Quarter budget adjustment, and the upcoming Year-End budget adjustment.

State Shared Revenue collections totaled \$3.7 million since the start of 2010. Compared to the projected budget, State Shared Revenues are above by \$69k or 2%. Compared to the prior year, the City is collecting \$65k more or up by 2%. The actual collection that lags budget is primarily due to the reduced criminal justice sales tax (King County countywide sales tax decrease). Based on the collections so far, the City is projecting State Shared Revenues to meet the 2010 budget.

Charges for Services

These revenue sources consist of general government, public safety, plan review and inspection, culture and recreation, and interfund/interdepartmental-sales and services. Culture, recreation, interfund/interdepartmental-sales and services constitute 75% of the total revenue in this category. The year-to-date total charges for services are \$5.7 million or 88% of the budget. This is 3% below budget projections. The following sections provide detail information for Plan Review with Inspection Fees, Recreation, and Interfund Services.

Plan Review and Inspection fees are \$808k since the start of the year. Compared to the budget, the City is collecting \$79k or 11% more than anticipated revenue. Compared to the prior year, the City is collecting \$242k or 43% more. The large increases in May, July, and October are due to payments related to an environmental impact statement. The City is projecting plan review and inspection fees to exceed the 2010 budget.

The year-to-date collections for Interfund Service revenues are \$2.9 million. Compared to the projected budget, the revenues are below by \$146k or 5%. Compared to the prior year, the revenues are under by \$45k or 2%. Interfund Services is projected to be slightly under the budget projection for 2010. The majority of these revenues are related to indirect cost allocation, which are internal administrative costs. The remaining costs consist of Development Services division's inspection fees, Transportation division's capital investment program reimbursements, and Maintenance division's street maintenance reimbursements.

Fines and Penalties

These revenue sources contain civil (penalties, infractions, and parking), criminal (traffic, non-traffic, and costs), and non-court fines, forfeitures, and penalties. The table on the next page breaks down these fines by type. The year-to-date total fines and penalties is \$3.1 million. This is \$363k or 11% lower than a year ago and \$154k or 5% under budget. This difference also includes \$83k higher than budgeted Seizure Funds received this year. The use of Seizure Funds is restricted to drug enforcement only and not available for general operating purposes. Backing out this amount, we

are currently \$238k or 7% below budget in Fines and Penalties and we expect to be \$181k below budget at the end of the year. The projected shortfall is primarily due to substantial declines in the photo enforcement fines, which we expect to continue. The decline is due to driver behavior changes in the areas with photo enforcement programs and is consistent with the experience of other jurisdictions. These factors contributed to the reduction in photo enforcement revenue by 19% in October and 17% in November when compared with the same periods in 2009.

Included in the Fines and Penalties revenue budget is \$2.3 million from the Photo Enforcement program. The budget was based on the prior year's revenue. The year-to-date collections from this program equates to \$1.8 million. The associated costs includes the equipment provided by American Traffic Solutions Inc (ATS), we are also dedicating 2 FTEs in the Court Division to process the increased caseload and 1.1 FTEs in the Police Department for support services. These staff's time along with a 90% pro tem budget and interpreter costs amounts to \$362k for personnel costs. The total costs for the program equates to \$842k which is represented in the table.

**EXPENSES**

Overall the City has expended 85% of its budgeted general governmental expenditures at the end of November. This is 3.5% or \$3.3 million below year-to-date budgeted expenditures. While some of these savings would be realized at the end of the year, others are due to the timing of the payments. Below are the explanations for some of the large variances on the expenditures. We do expect some expenditure savings at the end of the year, but it will be narrower than the 3.5% we currently have.

The Finance Department appears to be under budget by \$293k. This is due to the \$200,000 banking service fees in the carry forward budget amendment that will not be paid until year-end. The department had a couple of temporary vacancies in 2010 which also helped the year-to-day status. These positions are now filled and we expect the banking service fees to be substantially higher than we have budgeted for, therefore we do not expect savings in Finance at the end of the year.

The Hearing Examiner is under budget by \$24k or 13% due to expending less in contracted professional services.

The City Clerk division is under budget by \$109k due to lower than anticipated elections costs. The City is expecting a total of \$127k in election costs, which will be \$87k under the projected amount of \$214k.

Community Services is under budget in total by \$809k due to expending less in temporary/intermittent/seasonal help (for Parks, Recreation, and Museum) and supplies.

**THE SCORE**

The South Correctional Entity (SCORE) is a public development authority (PDA) that was formed to build and operate a new 822-bed misdemeanor jail in South King County. SCORE is made up of cities located in South King County and they are Auburn, Burien, Des Moines, Federal Way, Renton, SeaTac, and Tukwila. The City of Renton is the principle of the PDA as well as acting as the treasurer and fiscal agent for SCORE during the planning and development phase. The design and permit work, construction bid opening, and bond sell has been completed.

The current estimated total development and construction costs for the project is around \$95 million, including capitalized interest and startup costs. The bonding is \$87 million with the remaining \$8 million to be financed by member contributions. The City of Renton is obligated for 36% of the bonds issued.

The table below lists the year to date financing sources and uses of the SCORE:

**FUND BALANCE**

Page 14 shows the ending fund balance as of November 2010. The City's fund balance is a combination of current deficit/surplus of funds which have accrued from unexpended operating budgets and unanticipated excess revenues and from balances accumulated from prior years.

The prior year's balances (or beginning balance) include funds identified as being reserved for specific purposes or required to meet the current year's appropriations. These balances also provide financial stability to the City's operation during uncertain times and provide a layer of security to bondholders.

At the end of November, the City has \$19.3 million reported in combined general governmental fund balance of the current year's operating budget, which is approximately 18% of budgeted operating expenditures. This is an increase of \$7.3 million from the beginning balance of January 1, 2010. November's ending fund balance is over the anticipated General Governmental Fund Balance of \$17.4 million by \$1.9 million. Although the ending fund balance is above projections, it is consistent with the prior years' trends since the City receipted the first half of 2010 property taxes in April and May. We expect the fund balance to decrease but be in line with the projected fund balance after May and continue to decrease until we receive the second half of 2010 property taxes in October and November.
