		*The charges identified in RCW 42.56.120(3)(b) (and referenced above) may be combined to the extent that more than one		
		type of charge applies to copies produced in response to a particular request. The actual cost of any digital storage media or		
		device provided by the agency. Alternatively, the City may charge a flat fee of up to \$2 for the entire request as long as the		
		cost of uploading and transmitting the electronic records is reasonably estimated to equal or exceed that amount. Only one		
		\$2 flat fee per request is authorized for electronic records produced in installments. When records are provided electronically		
		on a CD, DVD, thumb drive, flash drive, or other electronic device, the requestor will be charged for the cost of the electronic		
		storage device. The City may charge an actual-cost service charge for requests that require use of IT expertise to prepare data		
		comilations or provide customized electronic access services when not used by the City for other purposes. A cost estimate		
		and explanation will be provided to the requestor before incurring the costs.		
		Option to waive charges. The City may waive charges associated with fulfilling a request. The decision will be based on		
		various factors, including the volume and format of the responsive documents. The decision to assess fees for fulfilling a		
		public records request shall be made on a consistent and equitable basis, dependent primarily upon the amount of staff time		
		required for copying, scanning, shipping, uploading, and/or transmitting the records associated with fulfilling a request.		
		Certified copies. If the requestor is seeking a certified copy of a City record, an additional charge of \$1.00 per each complete		
		document may be applied to cover the additional expense and time required for certification.
